

Edinburgh Festival Fringe 2017 – Improv Therapy

All the way from Rollins College in the United States, six students trained in the arts of improvisation and psychology are coming to the Edinburgh Fringe Festival 2017 to tell the story of your life. You bring the stories while they bring the science to a completely new take on improv where actors read your facial expressions and audience members are invited to perform.

For a fun, **free** night of improvised entertainment at the Edinburgh Fringe, look no further than *Improv Therapy*.
