

Oskar's Amazing Adventure

Fun-loving Oskar has to run down a mountain to find a friendly animal to play with. But where are the animals? And why does he have to wait till spring to play his favourite game again?

The UK premiere of this heart-warming, humorous play uses a rich mix of storytelling, physical theatre, puppetry and song to tell the tale of a puppy's search for friendship.

Oskar, the fun-loving Swiss puppy, lives with Grandma and her animals in the little house on top of the mountain. They have been snowbound for weeks and Oskar, desperate for a game, goes out alone in the snow to find a friendly animal to play with. But the animals he meets are more interested in eating Oskar than playing with him and he only manages to avoid the attention of a hungry fox when he falls down a deep hole in the ground and lands on top of a young hibernating marmot.

Marmot forgives Oskar for waking her up and, using her amazing digging and whistling skills, helps the little dog escape the fox and reunites him with his family. Oskar wants to play more, but has to wait for Marmot to finish her long winter's sleep.

Many plays for young audiences are adaptations of well-known children's books, but Oskar's Amazing Adventure is different; the original picture book and play have been created side by side in one creative process. The text, illustrations and storyline of the book evolved as the play developed in rehearsal creating a story full of action and excitement.

This original, heartwarming and entertaining play for young children and their families is presented by Anglo-Swiss theatre company Theatre Fideri Fidera in association with Komedia Kids. Author, Colin Granger will be signing books after each performance – this is also an opportunity for

children to meet Oskar the playful puppy and his newfound friend, Marmot.
