

Police ask for help to trace missing man

A 64 year-old man, Arnold Mouat has gone missing from the Bo'ness area.

Mr Mouat was last seen at an address in Panbrae Road, Bo'ness, around 11.30pm last night 6 July 2017.

Police Scotland advise that he left the property at some point during the night and has not been seen since.

Officers are very concerned for Arnold's welfare and are eager to trace him as soon as possible.

Arnold is described as a white man with a tanned complexion. He is around 6ft 3" in height with dark receding hair.

He is believed to be wearing distinctive blue running trainers, however the rest of his clothing is unknown.

Arnold is an avid walker and officers believe he may visit the Bo'ness Foreshore, West Lothian Golf Club or various canal paths in the local area.

In addition, he may travel to other parks in the area such as Beecraigs or Callendar Park, and may also go to Linlithgow or South Queensferry.

Inspector John Kellett of Falkirk Police Station said: "Arnold has now been missing for some time and we are growing very concerned for his welfare. It is crucial that we trace him as soon as possible.

"I would ask those in both the Bo'ness area, and the wider areas of Forth Valley and West Lothian, to think if they have

seen a man matching Arnold's description. If they have done so, please contact police as soon as possible.

"I would also appeal to Arnold to get in touch with either his family or police to let us know his whereabouts."

Those with information can contact officers at Falkirk Police Station on 101, quoting incident number 1022 of July 7.
