

Raton Laveur

Phil and Lily have moved to Toronto from Australia to pursue Lily's dreams.

Phil, finding himself at loose ends, becomes obsessed with the nest of raccoons living behind the crêperie where he works.

As Phil descends deeper into paranoia things take a violent turn, and Lily is left cleaning up the mess.

Raton Laveur is a comedy about love, relationships, and knives that cut through bone.

Warning – Mature Adult Elements and Implied Graphic Violence
