

Arnold Clark recruiting in Edinburgh now

Arnold Clark is looking for 50 technicians for its eight locations in Edinburgh to add to its 11,000 strong workforce.

Jacquie Sherry, Arnold Clark Group Recruitment Manager, said: 'It's an exciting time as Arnold Clark continues to grow its footprint and deliver new services. That means we need more technicians to join our dedicated team to help maintain our outstanding levels of customer satisfaction. In return for their skills, they'll get to work in our leading-edge facilities and enjoy some fantastic benefits.'

There's a range of exciting roles available, including Vehicle Preparation Technicians and Vehicle Maintenance Technicians. These new employees will work on an unrivalled selection of makes and models and will get the opportunity to develop their skills through training and working with the latest technology.

Benefits include flexible hours, private medical insurance, life assurance, a contributory pension scheme and a great range discounts on new and used cars. There's also scope to gain industry-recognised qualifications as Arnold Clark staff benefit from the leading-edge facilities and expert tuition at the company's GTG Training centres.

Arnold Clark has 130 Service Centres located throughout the UK. One million customers come through Arnold Clark workshops each year with more than 200,000 MOTs carried out, 500,000 services and repairs completed and more than 120,000 tyres fitted.
