

Consultation on use of parks

The council is launching the Annual Review of Major Events in Parks for the season 2016 – 2017.

Feedback from this review will help the council to identify any problems or issues which arose and also highlight the benefits of these events.

They say that information gathered will allow them to deal with any concerns by adapting management arrangements in future years.

The Parks, Greenspace and Cemeteries Service would welcome your views and feedback, the link below will take you directly to the consultation through which any comments or suggestions can be made.

This consultation will close on **Wednesday 22 November 2017** and the results reported to the Transport and Environment Committee in March 2018.
