

Hearts Subjected to Internet Fraud

Hearts have confirmed they were the subject of an internet fraud which occurred earlier this year. Yesterday, Hamilton Academical announced they were the victim of a similar fraud which is believed to have cost the club £750,000 and has left the club with serious operational difficulties.

It is understood the sum Hearts lost is smaller.

Meanwhile, Hearts head to Dingwall on Saturday to face Ross County on Ladbrokes Premiership business. Kick-off is at 3.00pm.

The Edinburgh Reporter's match report will be on-line on Saturday evening.
