

Scottish SPCA receive generous donation from Fishkeeper Scotland.

The Scottish SPCA have received a generous donation of £2,444.20 from Fishkeeper Scotland.

Fishkeeper Scotland chose to raise funds for Scotland's animal welfare charity during their seventh anniversary fundraiser on the 4th and 5th of November across all stores in Scotland!

Colin Christian from Fishkeeper Scotland said, "We had a great time celebrating Fishkeeper Scotland's seventh anniversary recently in all of our 14 branches nationwide with special offers, raffles, educational talks and plenty of cake!

"As a responsible pet retailer it was a great opportunity to raise generous donations in aid of such a worthy cause which aligns so closely with the interests of our team and customers alike."

Animal Rescue and Rehoming Centre Superintendent Sharon Comrie said, "We're delighted to receive this kind donation.

"All the staff at Fishkeeper Scotland have done a wonderful job raising this money, and it will make a huge difference to Scotland's animals.

"This type of fundraising takes a lot of organising and effort and we fully appreciate all the help given by the public and our own volunteers towards making these collections a success.

"As an animal welfare charity we receive no government or lottery funding so we rely entirely on the support of the public.

“Without these donations we would not be able to continue our vital work rescuing and rehoming abandoned and unwanted animals in Scotland.”
