

Update from Edinburgh Airport

Edinburgh Airport has issued an update as to the current position during the winter weather.

Edinburgh Airport remains open and operating.

Staffing across our partners remains an issue but we are deploying 4x4s to ensure vital staff can get to the airport.

In terms of airlines both easyJet and Ryanair have cancelled operations for today.

Any passengers whose flights have been cancelled should not come to the airport. It is important that passengers only travel to the airport if their airline confirms their flight is flying.

Today remains challenging and there will be disruption. We understand that the fluidity of the situation can be frustrating and we thank passengers for their ongoing patience and support.

Passengers can visit our website for a list of cancellations throughout the day.

Amber weather warnings remain in place and the safety of our passengers and our staff is our priority. We ask people to make safe decisions regarding their travel.
