

Edinburgh International Magic Festival 2018 – book your tickets now

This year the MagicFest will be nine years old, and they have some great events to entertain and bamboozle you in May.

Some of the highlights are The Secret Room which takes place in several historical buildings around the city, the Gala at the Lyceum where you are promised pickpockets and illusionists. The Wizard World Gathering is billed as the fantasy celebration of the year and there are many magicians showing off their magic in solo shows over the five days.

As a paperless festival there are disappearing tickets...which means you have to buy them electronically!

But it is true – the tickets are disappearing fast! [So get booking yours now.](#)
