

What's On – Dom Pipkin – Smokin' Boogie

One of Europe's most authentic and spirited blues and jazz piano players, Dom Pipkin brings his acclaimed one man show to Outhouse.

This show will take you on a rollercoaster ride through the rich world of New Orleans, with astonishing stories and some truly breathtaking piano.

Brothels and barrelhouses, love, sex and tragedy, chasing the 'rushin' lady', voodoo spells and Mardi Gras Queens, the colourful lives of Jelly Roll Morton, Professor Longhair and the drug-fuelled funk and psychedelia of Dr John and James Booker are conjured up in all their technicolour glory in their rawest setting.

This will include a man, a piano, a glass of bourbon and panama hat.

Pipkin has performed extensively in New Orleans, and shared stages with international icons Allen Toussaint, Dr John, and Screamin' Jay Hawkins.

Grammy award winner Jon Cleary invites him to jam onstage whenever he's in the Crescent City. His experiences are real and resonating.

His work has ranged from teaching Jonathan Ross the piano to privately entertaining the film director Stanley Kubrick, and performing to the opening committee of the 2012 London Olympics. He has recorded and toured with Paul Weller, Paloma Faith, Ray Davis, Morcheeba, David Byrne, Guy Barker, Ella Eyre, John Newman, Pee Wee Ellis and Laura Mvula; has dozens

of radio and TV appearances to his credit and is in constant demand on the capital's club scene.
