

At Summerhall – Satellite

This summer from 26 May to 13 July 2018 a display of work from both emerging and established artists will be hosted at Summerhall.

Marine Lefebvre

The Visual Arts Scotland (VAS) Graduate Showcase celebrates the best work by graduates from all over the country and has shown their art in the Royal Scottish Academy gallery at The Mound over the last three years.

SATELLITE will now exhibit artworks from some of those already featured at the RSA. Those who are recent graduates of Associate Members of VAS have been allowed to submit up to three pieces of work in any medium and with no restriction on size for this exhibition. (We can't wait to see what this leads to!)
