

NOW by OneSpa celebrates its first birthday

We were invited along to NOW by OneSpa the other week for their first birthday party, and it was a lovely evening with lovely people. Everyone there got the opportunity to have complimentary beauty treatments from the spa's staff., but the best part is that all treatments at the spa are half price until 19 May 2018.

There are now four nail stations, a tanning room and a salon with five multi-purpose chairs in the salon, making it ideal to go along with a couple of friends.

Their experienced therapists and technicians will tend to your needs in the pretty surroundings of the luxury spa, whether it is HD Brows, LVL Lashes, Shellac or CACI non-surgical solutions for your skin concerns.

NOW is open from 8am to 8pm and has free onsite parking.

You can see that some people at the party took full advantage of the treatments on offer!
