

Hibs on track for record breaking season ticket sales

Hibs have announced that season ticket sales for the 2018/19 season continue to exceed previous years and are on track for record breaking sales.

After the seat release deadline on 1 June, season ticket sales have now surpassed 12.5k closing in on last year's grand total season ticket sales of 13.5k.

Attendances at Easter Road last season averaged over 18,000, the highest since the 1950's and looks to continue in this trend next season.

Seats that were not renewed by last year's season ticket holders at the deadline, are now available for general sale, with all home stands showing availability, offering a variety of choice for those looking to back Neil Lennon and the team for next season.

Supporters are reminded that the Famous Five Lower is our

dedicated family stand and only family groups are able to purchase in this area.
