

# Hibs online jersey sale surpasses last year

Online sales for the new Hibs' home jersey have surpassed those of last year for the same opening period.

Unveiled under lights at Easter Road on Friday night, the new home kit retains the traditional white sleeves with a striking diamond feature as bottle green fades into emerald.

The jersey is accompanied by white shorts and emerald green socks with a bottle green fold over cuff.

Laura Montgomery, Head of Sales & Sponsorship at Hibernian said, "I am delighted with the response to the kits so far. To have surpassed our opening day online orders of last year is very encouraging and a sign that hopefully supporters are liking what they see in the new design."

The home kit is available in store from 10am on Monday, but can be pre-ordered online now, with despatch on Monday.

The white away kit is available in store from Friday

15th June, with the home and away goalkeeping kits available for purchase in-store and online from Friday 22nd June.

The home and away replica jerseys are £45 for adults and £35 for juniors. The replica goalkeeping jerseys are £45 adults and £40 for juniors.
