Booking is essential.

'SUPER TEAMS'

Summer Seminars | Friday 22 June

Alice is a specialist in Applied Positive Psychology and has helped hundreds of delegates understand what makes high performing teams 'click'. Drawing on extensive research from some of the world's most successful teams (All Blacks, Pixar, the SAS!), she will examine the impact of ambition, focus and expectations on team synergy and long-lasting success.

Thomson Cooper Partner Andrew Croxford recommends booking early adding, "Alice is an expert on this subject and comes highly recommended. Our delegates can look forward to a presentation that is delivered with confidence and clarity."
