

Edinburgh Airport – more records broken in October

Edinburgh Airport has reported even more passengers in October which is an 8% increase on last year.

1.3 million people passed through the airport last month with international growth up 9.5% and domestic growth up 5.2%

Gordon Dewar, Chief Executive of Edinburgh Airport said: “It’s been another busy month for Edinburgh Airport and it means we’ve delivered more than 1.3 million passengers for six consecutive months for the first time, which highlights our fantastic growth.

“It shows Scotland’s continued attractiveness to visitors all year round as well as the number of people taking advantage of the array of destinations we serve from Scotland’s busiest airport, including a strong performance in our new Dubai route with Emirates. We’re looking build on recent route announcements to places like Philadelphia, Boston and Riga and deliver even more destination choice for our passengers.”
