

# Volunteers needed to create a butterfly meadow on Friday

Volunteers are needed to help create a butterfly meadow at West Pilton Park on Friday.

If you have some time then they would be delighted to see you even for a short time.

The planting will be going on all day between 10.30am and 3.00pm. The workshop is led by Butterfly Conservation Scotland staff in partnership with The City of Edinburgh Council. It is part of the Urban Butterfly Project working with the Edinburgh Living Landscape.

Let Anthony know if you can make it. by emailing or phoning him. [amccluskey@butterfly-conservation.org](mailto:amccluskey@butterfly-conservation.org) or 01786 459811
