

At Piershill Library in February – learn how to use PressReader

Edinburgh Libraries are holding **PressReader Drop-in Sessions** at Piershill Library every Monday in February from 2-3.30pm.

Go along to the drop-in to find out about using **PressReader** for free to access over 6000 worldwide daily newspapers and magazines – delivered directly to your own tablet, phone or computer or within the library.

From 1 February this will include The Edinburgh Reporter!

Bring along your tablet, phone or laptop and the library staff will help to get you set up. Or they will show you how to use it on library devices.

Help will also be available for other free Library2go services such as ebooks and audiobooks.
