

Burger King added to the menu at Edinburgh Airport

Edinburgh Airport has just added Burger King to its food and drink offerings on departure, and the burger café will open later this year.

They will have a children's interactive wall to keep younger passengers entertained with self service kiosks and digital ordering screens too.

SSP Group PLC will operate the new outlet, as they already run the M&S Simply Food and Starbucks at the airport in the check in area. This will be their first airside operation.

Gail Taylor, Director of Retail and Property at Edinburgh Airport said: "One of the brands passengers have continuously mentioned they want to see at Edinburgh Airport is Burger King

so we've listened and are delighted to deliver that for them.

"Quality and variety are key considerations for us when we look at our food and beverage options and we're always looking to offer greater choice, something which our new terminal expansion will allow us to do and we look forward to confirming more new outlets soon."

Simon Smith, CEO of SSP UK & Ireland, said:"We're delighted to announce the opening of our first Burger King unit at Edinburgh Airport, which will offer greater choice and service to both local and international travellers. This is our 30th Burger King restaurant to launch in the UK, and reflects our ongoing commitment to the brand and to providing our customers with the best offers from the most renowned names in food and beverage."

Burger King is the latest new food offering at the airport with Pret at Gate 12 and the Brewdog Bar too.
