

Official launch at new hotel at Edinburgh Airport

The new Hampton by Hilton Edinburgh Airport hotel just a short distance from the terminal held a press launch last week.

The hotel welcomed press, influencers, stakeholders and friends of the brand to the new six storey, 240 bedroom hotel for a 'halfway to the Fringe' themed celebration.

With six months to go until one of Edinburgh's biggest events, guests enjoyed live music and performances from a range of acts, while indulging in street food and signature Scottish sips.

Hampton by Hilton Edinburgh Airport is suggested as the perfect base for those visiting the city from all over the world, located just 300ft away from Scotland's busiest airport.

It is also 25 minutes to Haymarket Rail Station and the hustle and bustle of Scotland's capital city using Edinburgh Trams. Featuring an open plan Edinburgh Festival Fringe themed lobby, state of the art fitness centre, business hub and 24 hour food service, Hampton by Hilton Edinburgh Airport offers value-

conscious and quality driven travellers a 'home away from home'.

They promise a friendly, authentic and thoughtful service, with the hotel's Heart of House team always on hand to make your stay extra special.

Whether you're on a whirlwind business trip, visiting Edinburgh as a top city break destination or simply extending your holiday, you can trust the team to leave you smiling as they bring the 'Hamptonality' personality to life.

Hampton by Hilton Edinburgh Airport officially opened its doors in December, creating nearly 50 new jobs in Edinburgh.
