

OneCity Trust open for applications now

The OneCity Trust has opened its main grant funding programme to registered charities and constituted groups in the city. The other requirement is that the group must have annual income of less than £500,000 per annum.

The charity aims to help projects which are based on Community Connectedness, Cultural Bridging and Civic Inclusion.

The charity partners with Travis Perkins Managed Services and The City of Edinburgh Council in delivering their Community Benefit Legacy fund. Applications for this part of the funding programme must involve City of Edinburgh Council tenants or to benefit areas with a high proportion of council homes.

This year the trust has a new partnership with Engie Regeneration Ltd and the council and the funding from this will be used in Broomhouse, Wester Hailes and Parkhead.

The trust will make 15 grants of between £5,000 and £10,000.

The closing date for applications is 19 April 2019.
