FINAL TWO HOLIDAY HOMES IN CURRENT PHASE AT BRIGHAM HOLIDAY PARK – OFFERING BUYERS SUPERB INVESTMENT OPPORTUNITY

Brigham Holiday Park at Cockermouth in Cumbria has two final holiday homes available to buy in its current phase, the Carnaby Rosedale Cottage at £52,999, and the ABI Windermere at £53,999.

The family run park is just a twenty minute drive to the Lakes. As it's not in the expensive Lakes area, prices at Brigham are significantly cheaper for the same properties found at other parks.

As an investment opportunity, the location of the park, on the edge of the National Park, coupled with the quality of the luxury holiday homes, means potential owners buying for investment can charge from £550 to £600 per week, peak season, resulting in a valuable second income throughout the year.

With the park open all year, owners can still enjoy their holiday home for their own breaks with family and friends at times of their choosing.

“Don't miss out on this superb opportunity to own a holiday home at Brigham – we only have two properties left for sale at the moment,” said park owner, Jimmy Stewart.

“Based on renting your property out, we can give you an estimated income for your first year of ownership at the park. If you have money sitting in the bank earning you very little, to invest can be a complete no-brainer which will enhance your lifestyle,” he said. “We can arrange the rentals for you, as well as handle changeover and maintenance, so it couldn’t be easier to take advantage.”

“If owners are buying just as a holiday home, and want a peaceful setting, Brigham ticks all the boxes, being family owned with a full time warden and gated entry.”

Both holiday homes offer fully fitted kitchen areas with integrated appliances, spacious living areas, luxury bathrooms, and two bedrooms. They are complete with winter packs and double glazing.

Cockermouth, a thriving market town, which is a five minute drive from our park, Cockermouth has a wealth of independent shops, restaurants and cafés to explore, along with museums, galleries, and the award winning Jennings Brewery.
