

Limited number of tickets left for Hibs' final game of season

A limited number of tickets are available as Hibs take on Aberdeen tomorrow in the final match of the 2018/19 season for Paul Heckingbottom and his side.

The Ticket Office will be open from 10am until 1pm selling tickets in the Famous Five, South and West Stands.

From 1pm ticket sales will cease from the Ticket Office, allowing them to focus on enquiries, and the East Stand Pod will open, selling tickets to supporters for the Hibs half of the South Stand.

Tickets can still be purchased online and printed out at home.

With a large crowd coming to the game supporters are asked to make their way to the stadium early.

Supporters with tickets in the South Stand will be able to gain access to the stand via both the East Stand walkway and Albion Road, entering via turnstiles 1, 2, 3 and 4.

Following the conclusion of the game the Hibs players and coaching staff will leave the field of play and return to the pitch once the Aberdeen players have seen their supporters.

The team will take part in a lap of appreciation to allow the players to applaud the supporters and to show their thanks for the backing received over the season.

The club ask that the supporters remain in the stands and not encroach onto the pitch during this. If supporters do run onto the pitch and out of the stands, the club will remove the players and coaching staff from the pitch and they will not return due to high profile incidents that occurred during the season.

CBR Maintenance are the match sponsor, Clive and Ursula Gordon, who are our match ball sponsor, as well as Paul Cunningham Gardening who are the Programme Sponsors.

The Behind the Goals bar will be open from 12pm to season ticket holders and will not re-open post-match.

The Hibernian Clubstore will be open from 10am-3pm.
