From the Producers of 'Rip it Up The 50s' and 'Rip It Up The 60s' – Rip It Up The 70s will tour the UK with a brand new cast and brand new show. Promising to bring the soundtrack of popular music's greatest decade to life in another feast of song and dance – this new show will star Strictly Come Dancing champions Louis Smith MBE, who returns with Strictly finalist Rachel Stevens and Pussycat Doll's star Melody Thornton – with a further cast announcement to follow.
