

Cheaper beer for CAMRA members

CAMRA is overhauling its voucher scheme to help make pub-going more affordable for members.

From July 1, members will receive £30 worth of vouchers, each worth 50p off a pint. These vouchers will replace the traditional Wetherspoons partnership to cover over 1,400 pubs nationwide across four pub chains.

Redeemable at the point of renewal, the vouchers will cover pints poured at J D Wetherspoon (880 pubs nationwide), Stonegate Pub Company, which boast over 480 pubs (real ale hand pulls only), S.A. Brains (discount applies to Brains beers only), a managed pub estate of 100 pubs based in Wales, Castle Rock Brewery, 23 pubs based in the Nottingham area

It coincides with the #SummerofPub campaign to support the pub trade over the warmer months.

Participating pubs can be found by visiting camra.org.uk/vouchers and searching for a pub by postcode.

Nik Antona, CAMRA's National Chairman, said: "Regular pub visits can be an expensive activity for many of us, and we hope that by partnering with more pubs both large and small we can help get people out to their local throughout this Summer of Pub and beyond."
