

Eric Liddell hosting health and benefits surgeries in August

The Eric Liddell Centre in association with VOCAL (Voices of Carers Across Lothian) is hosting health and benefits surgeries for carers in August.

The surgeries will be held at the Eric Liddell Centre at Holy Corner and they are designed to help make sure that carers really know what benefits they are entitled to.

The health surgeries offer an opportunity to speak about carers' own health and wellbeing with an NHS nurse. The surgeries are all free to attend.

John MacMillan, Chief Executive of the Eric Liddell Centre, said: "We are committed to ensure that unpaid carers within our communities are provided with appropriate support and are proud to be working alongside VOCAL to deliver these advice surgeries."

The health surgery takes place on Tuesday 6 August 2019. The benefits surgeries take place on 13 and 17 August.

Call Martha (0131 357 1271) or Sally (0131 357 1270) direct for an appointment time or to discuss options.
