

Art Walk Party 2019 – The Art Houses are open this weekend

Art Walk Party begins on Saturday 7 September 2019.

This year the Art Houses are organised around three walks: East, Central and West Portobello. In total there are 38 locations participating with 53 artists.

There is a huge range of work on display with many new artists this year. The 'Art Houses' provide a unique opportunity to meet artists, and to see work in practice, in an array of different domestic and studio settings.

Zoë Irvine's 'Listening Windows' are also presented at a number of the studios, inviting the visitor to explore a selection of different sound journeys. Seek out the different sites to explore a night walk in the Amazon Jungle, a sad farewell in Antwerp, reminiscing farmers, a lonely world trip and selected fragments of Magnetic Migration Music.
