

# Christmas adverts 2019

**It's almost the end of November and time for retailers to entertain us with their Christmas adverts.**

If you know of any we have not included here then do let us know! We will add to this article as and when we find them all...

Prezzo have a different take with a Christmas campaign, supporting Community Christmas, a charity that aims to find older people a place to go to celebrate the festive season. Prezzo asks you to donate a seat at your own table this festive season. By inviting an elderly guest to join your celebrations, you'll be able to experience the joy that an older person can bring, as well as giving the gift of a delicious meal and great company to those who would otherwise be on their own.

Those wanting to support can call on Prezzo on social media using the hashtag #PrezzoDonateASeat and Prezzo will endeavour to pair you up with an elderly guest in the local community to join them for lunch or dinner at their local Prezzo.

The true star of the Prezzo's Full Hearts campaign, is 92 year old Frank, a raconteur extraordinaire, with a magical singing voice. Frank is also one of an estimated 873,000 people aged over 65 who do not see or hear from anyone over the Christmas period.
