

Four stars for The Bay Hotel

FOUR STAR RATING FOR BAY HOTEL ENSURES ITS PLACE AS ONE OF FIFE'S PREMIER FOOD, ACCOMMODATION & FUNCTION PROVIDERS

- Stunning Waterfront hotel in Kinghorn has recently secured four stars

The Bay Hotel at Pettycur Bay, Kinghorn is celebrating having achieved its VisitScotland four star rating. Popular for private parties, weddings and events, the Hotel, which boasts stunning views across the Firth of Forth, is currently gearing up for a very busy festive season when it will serve nearly 250 people on Christmas Day in its newly refurbished [Horizons Restaurant](#) and Waterfront Bar, open to everyone, not just Hotel residents.

The stunning new look allows [Horizons](#) to effortlessly cater for both informal and formal dining, to reflect customer's changing eating out habits. Unique, modern booth seating with solid oak resin tables, has been fitted in the Waterfront Lounge area for a more rustic, informal, dining experience.

Elsewhere, a superb centrepiece is the T-shaped bar with "cracked ice" effect glass frontage. A glass partition now separates the bar from the main restaurant, with a glass wall running along the entire restaurant area, etched with eye catching designs of the three Forth Bridges, visible in the distance.

There's also a dedicated Sports Bar and Family area, situated up a short flight of steps leading from the Waterfront Bar, and ideal for children's parties and private gatherings.

[Horizons](#) offers a varied range of menus with food served all day, including High Teas. Vegetarian and very low gluten options are also available. A three course festive menu at £24.95 is available every day 1st to 24th December, with

bookings now being taken for the Hogmanay Gala Dinner, £65 per person for 4 course dinner, and entry to a spectacular Hogmanay Party in Images.

Other facilities in The Bay Hotel include the swimming pool, a number of spacious Function Rooms, IT Room, and a superb Fitness Suite. All bedrooms are fitted with state of the art intelligent, energy efficient lighting; air conditioning, Mini Fridge, and have wireless broadband internet access. Also included are 32" flat panel digital satellite TV's with Movies on Demand. Many rooms have disabled friendly access and facilities.

"We are delighted to have achieved our four stars at The Bay Hotel, which has been subject to significant investment, most recently the new look given to Horizons," said Director Tommy Wallace. "We have a very loyal following, most significantly in weddings and parties. We look forward to welcoming all guests for festive dining, or if they are attending one of our party nights, and would like to stay the night, we have a range of well priced, en-suite rooms available, including suites for up to six people, and split level rooms with balconies."
