

# SPOKES speaking up for cyclists at their spring meeting

The Lothian cycle campaign group SPOKES always has a lot to say about cycling and how it can be improved in Edinburgh.

They publish a newsletter which is full of information for you if you are interested in either becoming a cyclist, or keen to improve the cycling infrastructure in the city.

And you can attend their Spring meeting on 23 March 2020 when you will hear from a selection of [speakers](#) talking about various areas in Edinburgh.
