## **Hearts**

**memorable Scottish Cup triumph over Rangers on Saturday evening was marred by the news that defender John Souttar has been ruled out for the rest of the season.**

The

23-year-old centre half, who only recently returned from nine months on the sidelines, snapped his Achilles and faces another long lay-off.

It's a bitter blow for Hearts in their fight against relegation and also for Scotland who face Israel in a Euro 2020 championship play-off later this month.
