

Roadworks and road closures in Edinburgh

The lovely team at EdinTravel keep us up to date about traffic news each day. Every Friday they produce a table with news of all the roadworks that they know about in the city.

The newest road closures are at Stanley Street and Warriston Road where the only traffic that can use the roads are those cycling or wheeling.

If you know of any roadworks that are not on the list then do let us know.

Here is this week's list although a lot of the content is work that has been postponed meantime:
