

Fishing – charter boats filling up fast as anglers get back to sea

Sagittarius skipper Derek Anderson has reported a surge of interest in sea angling charters and he is full until next Monday (July 6).

Anderson of Aquamarine Charters was out over the weekend from Eyemouth with his six-hour trips and he admitted it was tough going.

However, a 9lbs cod topped the catch returns. There were no mackerel to be had.

Meanwhile, Bee Cool Fish has spaces on every day this week. Skipper Mark Fouracres fishes rough ground, reef and inshore rock in the twin-engine craft.

The bait to bring is worm, mackerel and mussel and both boats have toilets.
