

Lidl launches a beer for summer evenings

Lidl has launched an exclusive Dundee-made hazy citrus pale ale – All the Fun of The Citrus – which they say is perfect for ‘long summer evening sipping’ with better weather predicted for much of Scotland.

Packing a citrusy punch, the hazy pale ale has been crafted especially for Lidl by 71 Brewing using Amarillo, Azacca and Citra hops with sweet orange peel.

With a vision of creating the perfect beer for summer, 71 Brewing’s zesty and zingy new beer makes the perfect refreshment for locked-down beer lovers.

All The Fun of the Citrus will be on the shelves following the retailer’s previous additions of Pina Colada Pale Ale and Luminous Lights New England-style Pale Ale, which became permanent listings at Lidl stores Scotland-wide last year.

The new beer joins Lidl’s popular permanent range of over 20 Scottish craft beers from across the country. Available at over 100 stores in Scotland, the new 440ml addition will be priced at just £1.79.

Lidl are adding a new product to their stores – a new citrus IPA made by Dundee brewing company 71 Brewing.
