

Drive In Movies at Edinburgh Airport – programme details

The Edinburgh International Film Festival and Unique Events have announced more films at the Drive In Movies event at Edinburgh Airport later this month.

Last month around 4,000 people went to the outdoor cinema event when films for children and adults were shown at different times of the day.

Tickets for the next Drive-in Movies (24 – 27 September) are now on sale at edinburghdrivein.co.uk with another packed programme of cinema classics including *Back to the Future*, *Ferris Bueller's Day Off*, *Mamma Mia!*, *Rocketman*, *Toy Story* and *Mean Girls*, among others.

Movie fans watch films on the 100 square metre LED screen from the comfort of their own cars, allowing physical distancing measures to be observed. Audio is broadcast to the car radios.

Food and drink included fish and chips from Alandas, drinks from Cold Town Beer for those who are not driving and free Oat Bars from Nairn's Oatcakes

There will be Drive In Movies events on the last weekend of each month for the rest of the year.
