

New TV show is looking for your unused household objects

Hosted by Sabrina Grant, a new TV show which has been given the working title of *Saved and Remade* for now, will feature a team of expert craftspeople.

The team will take much-loved but unused objects from members of the public and transform them into something completely different, giving them a new lease of life and a real purpose that their owners may actually use.

No matter how big or small, if you have an item that you'd like the team to transform into something completely new.

The production company is looking for people (and their items) to take part. They will be filming this autumn and applications are now open.

For more info on the show, you can visit <https://www.redskyproductions.co.uk/take-part>.

TO APPLY:

- Get in touch telling the producers
 - Your name, age, location and contact number
 - Some info about your item; what it is, why it's important to you and why you want to transform it
 - And send photos of your item
