

Tim will help with your Schopping....

Tim Roads at Schop is the epitomé of a local business. He is in fact many local businesses wrapped into one.

If one good thing has come out of the pandemic it is that we learned to shop more locally, and it would be an even better thing if we kept on supporting the smaller businesses which make up the fabric of Edinburgh.

Wherever possible they use only reusable, compostable or recyclable packaging to minimise waste and their delivery service is carbon neutral too.

If what you want isn't on display send Tim an email at hello@schop.co and he'll do his best to find what you're looking for.

So Schop local. Some of the names [Schop](#) will bring to your door:
