The driver of the bus stopped at the West End Police Station in Torphichen Place and handed the dog in there where it will be looked after until the owner is traced.

Lothian buses tweeted: "This lovely little dog jumped on our service 35 this morning at Fountainbridge."

"We've delivered the dog to the Westend Police Station and staff are currently taking care of the poor wee soul until they can be reunited with their owner.

"Please share far and wide! #LostDog."
