

Watch out for scam phone calls claiming to be from internet service providers

Police Scotland have issued advice to the public to help prevent them becoming a victim of fraud.

Be aware of scam phone calls from people claiming to be from internet service providers advising of connectivity issues & requesting to take control of devices remotely in order to resolve the problem.

Police Scotland

The scammers will try to remotely access banking details or request money to be transferred.

Do not allow remote access

Hang up

Note the number if available

Contact your service provider

Never send money to unconfirmed recipients
