

Hibs launch exclusive range of fire pits and chimineas

Hibs have launched an exclusive range of fire pits and chimineas, in partnership with J.G.B Steelcraft (UK) Ltd.

The Hibernian FC licensed products include a variety of fire pits and chimineas manufactured using 3mm Mild Steel, Laser cut, rolled, folded and fabricated by our coded welders.

A selection of the products are shotblasted to SA3 and powder coated in a high temperature textured matt paint, alternatively a variety of fire pits are also available in their original mild steel form and lightly oiled to finish.

J.G.B Steelcraft (UK) Ltd are a family run profiling and fabrication business established in 1977. They have full accreditations in place meaning the product is manufactured to the highest quality and completed in-house by their experienced team.
