

# Coronavirus – Sunday's figures

The latest figures detailing the number of people diagnosed with Covid-19 in the 24 hours to 11 April in Scotland are shown below.

The figures show that over half a million people in Scotland have now had two doses of vaccine.

There are no daily briefings unless there are major announcements in the coming weeks leading up to the election. The Presiding Officer, Ken Macintosh has recalled parliament on Monday 12 April following the death of Prince Philip, Duke of Edinburgh.

*I have decided to recall [@ScotParl](#) on Monday at 11am so that Members can pay their respects to HRH The Duke of Edinburgh, who extended his friendship and support to the Parliament from the outset. Party leaders will be given the opportunity to speak to a motion of condolence.*

– Ken Macintosh (@PO\_KenMacintosh) [April 9, 2021](#)

As at 4 April 2021, **9,997** deaths were registered in Scotland where Covid-19 was mentioned on the death certificate according to weekly statistics reported by [National Records of Scotland](#). These figures are updated each Wednesday.

The BBC has explained that from 24 March:

- Live briefings will only be broadcast on BBC One in Scotland when it is expected that “major new information” will be shared – such as a formal review of restrictions
- If a UK government briefing is broadcast live on BBC One in Scotland, there will be additional coverage so Scottish parties can respond
- The BBC will consider the significance of the public health information which is expected to be discussed, and requirements on impartiality, when deciding whether to broadcast other government briefings. It is expected that these briefings would be shown on BBC Scotland or the BBC News Channel
- If a live briefing is led by a Scottish government minister, members of the other main parties will be invited to contribute to the coverage

Special Ofcom [rules for broadcasters around impartiality](#) take effect in the lead up to elections in the UK.

Young people aged 12 to 17 can:

take part in outdoor non-contact sports and other organised activities in groups of up to 15 people – and travel across local council boundaries to take part in these activities

We also plan to allow communal worship to restart with up to 50 people from 26 March – but this will depend on levels of the virus.

What you can and cannot do

To minimise the risk of spreading the virus, you must stay at home as much as possible. By law, in a Level 4 area, you can only leave your home (or garden) for an essential purpose.

There is a list of examples of reasonable excuses below. Although you can leave home for these purposes, you should stay as close to home as possible.

Shop online or use local shops and services wherever you can. Travel no further than you need to reach a safe, non-crowded place to exercise in a physically distanced way.

To minimise the risk of spread of coronavirus, it is crucial that we all avoid unnecessary travel.
