

At the Queen's Hall in September

The dust is quietly settling after a restricted Fringe and festivals in August, and now it is time for our Edinburgh concert halls to get back to business, entertaining us with a selection of acts.

The Queen's Hall is one of the city's favourites – a mid-sized venue with lofty ceilings and doors directly to the street. At the hall there has been an amount of building work carried out to open the space at front of house to avoid overcrowding. The ventilation system has been upgraded and improved and there are more toilets upstairs with a one-way queuing system.

The building was deep-cleaned before reopening in August and all surfaces will be cleaned and sanitised both during and between events. Tickets will be sent digitally whenever possible and payment will be by card.

John Shuttleworth's Back... *

is giving him trouble. Despite ongoing back issues following years of strenuous DIY and playing the organ while perched upon a multi-pack of Diet Sprite in his garage with no lumbar support, Shuttleworth – ever the trouper – will brave the stage to regale audiences with an evening of his classic compositions, plus brand new songs and hilarious 'back' stories, pausing only to reapply his deep heat rub!
