

Looking into Corstorphine Window Wanderland

At the end of February Corstorphine Town Centre and the surrounding area will become the focus for an outdoor gallery to attract visitors to become wanderers during Corstorphine Window Wanderland.

To take part anyone in the area can register their window to become part of the trail. People can then come and visit the display between 6pm and 9pm each evening on 26, 27 and 28 February 2022.

The display can be in a window of a home, nursery, school, business, car or a front garden – anywhere that can be seen by passers by – and anything family friendly will fit the criteria.

When all entries are submitted the organisers will produce an online map showing the locations of all the displays.

Window Wanderland can help with the materials such as paper which they can sell on at cost price and which can be collected from The Refillery at 119b/c St John's Road EH12 7SB.

The deadline for orders for some basic art materials is 6 February 2022, but designers are also encouraged to be as environmentally conscious as possible and use recycled goods where they can.

While this is an outdoor event the organisers also remind everyone that any Covid-19 rules must be complied with.

For further details email Vikki or Becky at corstorphine.window.wonderland@gmail.com

The project is supported by Corstorphine Community Council and Corstorphine Trust.
