**Eddie's Seafood Market has landed a massive 150kg Bluefin Tuna which was farmed in Spanish coastal waters.**

Eddie's owner, Campbell Mickel, will put on his chef's hat to offer some advice to customers on how best to cook the fish.

He said: "Bluefin Tuna has a luxurious, delicious fatty meat. It has a juicy, delectable flavour from its incredible marbling quality. It is prized by sashimi chefs and high-end restaurants the world over."

Eddie's is open until 4pm on Tuesday.
