New rules for short term lets

All owners of short-term lets in Edinburgh are legally required to obtain a new short-term let licence from The City of Edinburgh Council.

Owners who were already operating a short-term let before 1 October 2022 have until 1 October this year to apply for a licence. They can continue to operate whilst their application is being determined. New owners from 1 October 2022, who wish to set up and operate a short-term let for the first time, are required to apply and obtain a licence before they can accept bookings or receive guests.

The new licence will require the property owner to meet a set of mandatory conditions – many of which are already best practice within the sector, or required by existing law. The new legislation introduces mandatory standards for all short-term lets in Scotland.

Scots Russians commemorate war dead and call for an end to conflict

By **PHYLLIS STEPHEN**

THE RUSSIAN invasion of Ukraine has entered its second year. The one year anniversary was marked with wreath laying at the National War

Museum at Edinburgh Castle and a number of other events, both joyful and reflective, involving the Ukrainian people who live in Scotland. Some lived here already and thousands of others have made

their way to Scotland to escape the war zone. Russians who oppose the war are very brave to speak out.

We met a small group, who live mainly in Scotland, and who had gathered outside the Russian

Consulate on Melville Street to come together and talk of their experiences, and remember people who have died in Ukraine in the past year.

The group hung posters of images

of people who have died in the war. These were created by a Russian born artist known as Instagram Nick, and represents only a small number of the innocent lives lost in the past twelve months.
