

Davidson's Mains crash – photos

At around 11.30 on Tuesday morning there was a two car collision in Davidson's Mains.

This occurred at the pedestrian crossing just off the same roundabout where Alena Faltyskova was killed by the driver of a bus in May 2017.

Roads were blocked for a while and the Lothian 47 and 21 services were diverted. Some eye witnesses said there was petrol on the road, and all emergency services were in attendance.
