

# Schërzo in tune for their Fringe run

Members of the cast of *Schërzo* were in St Andrew Square, at the phone box on the corner opposite Harvey Nichols on Sunday morning to promote their show.

The award-winning and internationally renowned Släpstick returns to the Fringe with their unique brand of mischief: Chaplin meets Tchaikovsky, Groucho Marx does Mozart.

*Schërzo* is a highbrow classical concert which collapses into a bacchanal of mishaps and absurdity.

The show blurs physical comedy and musical talent and here the company come together with the iconic red phone box – how many musicians can get into a phone box?

**Show details** – *Schërzo*, Pleasance Courtyard, 2 – 28 August, 3.10pm
