

A weekend cocktail to try at home

Known as much for its delicious seasonal cocktails as their amazing Iberian food with an Asian twist, Jack O' Bryans in Dunfermline has created a cocktail for readers to try at home.

According to mine host Jack this decadent warming cocktail is reminiscent of sitting around the fire on a cold autumn day. The toasted marshmallow garnish adds a fantastic textural element to this warming drink which you can make really easily at home, or go along and let the skilled bartenders at Jack O Bryans make it for you of course.
