

Dog of the Week – Grace

Meet Grace, a gentle 15-year-old Staffie, whose golden years have brought out her sweet and lovable nature.

Grace is in search of a quiet and predictable home where she can enjoy her well-deserved retirement.

Partially deaf and easily startled, Grace would thrive in an environment with routine and predictability. Grace's ideal home would feature an enclosed garden with minimal stairs, allowing her to move in and out as she pleases. Although she could live with children aged 12 years and older, she dreams of being the sole pet in the household.

Grace's sociable nature extends to making friends with other low-energy, calm dogs. She'd also be fine with these types of dogs coming for a visit. While she can be left alone for a couple of hours, Grace would appreciate someone being home initially as she settles into her new environment.

Grace is currently enjoying the comforts of foster life, where she's pampered and spoiled daily. Her foster carers have described her as a true joy to have around.

Grace walks well on a lead and is content with short walks. Her preference, however, is to potter around the garden, which means she doesn't require daily walks.

Car rides are a delight for Grace, although she may need some

assistance getting in. She especially revels in her home comforts and especially loves snuggling under her blankets. She may have occasional accidents indoors, but regular trips to the garden help minimize this.

She's a wonderful girl who finds joy in life's simple pleasures: good food, a cozy bed, and, most importantly, the love and care she truly deserves.
